**THE SCOTCHISH NATIONAL INSURANCE CO.**

This Company is among the oldest and strongest companies in the world. Its organization dates back to 1794. Of the ninety-five companies doing business on this coast, and the 129 reporting to New York Insurance department, in point of paid capital it ranks No. 1, while its paid up assets rank No. 6. Adding its undeposited capital, only to call, amounting to over \$30,000,000, which, under the stringent laws of Great Britain governing insurance capital, as fully illustrated in the failure of Glasgow Bank, is available to the last dollar for liabilities, it stands at the head of all the companies doing business in America; making in all, in comparison, \$55,757,000.00, and every policy issued pledges "on the face and in its contract" absolute fire assets, every dollar of it. Its authorized subscribed capital of \$50,000,000 to the payment of six pence.
